Eco-Restaurant: reds bistro & wine bar

Michael Steh, Executive Chef of **reds bistro & wine bar** has been heralded as one of Toronto's rising young chefs. A supporter of local producers, Steh's individual style has elevated reds' reputation as an exciting wine and dining destination.

With vegetable gardens, fruit orchards and livestock at the ready, Steh's culinary start began on a farm in rural Oshawa. Like an amazing outdoor classroom, it taught him the importance of homegrown, fresh, unprocessed foods.

That influence can be seen in reds' cheese menu, which offers more than thirty choices, including Upper Canada's Niagara Gold. Steh is also famed for his house-made charcuterie platters presented on wooden wine barrel slats that Steh personally finished.

Michael's favourite suppliers of local fare include:

1. Cumbrae's for meat
2. 100km Foods Inc. for a wide variety of produce
3. Kawartha Ecological Growers for dry goods and meat products
4. Purdy's Fisheries for sustainable local fish

There are also an excellent number of local, sustainable wines showcased on reds' award-winning wine menu, including varietals from Tawse Vineyard in Niagara.
